Double LodgesDouble-Twin Lodges

The Natural Reserve

Situated in the beating heart of Tuscany, in San Marcello Piteglio, Oasi Dynamo Nature Reserve climbs up to 1,100 meters high. A former hunting reserve, today it is a model of environmental sustainability and social responsibility on a national level.

A predominantly wooded area, home to pristine flora and fauna, it is a sanctuary for rare plant species and home to a great variety of animals, including wolves and deer.

Dining Options

Oasyhotel offers three different dining options to satisfy even the most demanding palates. Between the two restaurants, Le Felci and Casa Luigi Farmhouse, and our small Bistrot you will never run out of savory dishes to enjoy. Our fine wine cellar and ample cocktails and drinks selection will complement well every one of your meals. All the ingredients used come from local suppliers and our own farm and dairy.

LE FELCI RESTAURANT

Local recipes and traditional Tuscan cuisine are combined to inspire our menu, enhanced by methods and techniques of our Chef. Serving breakfast and dinner, Le Felci's focus revolves mainly around the purest Italian cuisine, characterized by home made fresh pasta, locally sourced meat, garden products and of course fresh bread and extra virgin olive oil.

LE FELCI BISTROT

Suitable for light lunches and ideal for aperitifs, afternoon breaks and cocktails, our Bistrot is located just by the side of the main reception. Le Felci Bistrot displays a simple yet tasteful selection of innovative bar food inspired by the Italian tradition and Oasyhotel international vocation, surrounded by a comfortable and relaxing atmosphere.

CASA LUIGI FARMHOUSE

Located in an old Podere (farmhouse), Casa Luigi is a typical Tuscan Trattoria, where you can taste the best the traditional Tuscany cuisine has to offer in a spectacular location. It also hosts one of the Reserve Visitor Centres and it is part of the OCA, Oasy Contemporary Art.

SAN VITO LAKE

At the lake you may be served drinks from the kiosk, and order our food tray as lunch picnic, starting from minimum two persons.

Activity Guide Oasyhotel 2024

Within your stay, there are many activities you may benefit from, such as water sports at the private lake, use of E-bikes and tennis courtyard, as well as dedicated experiences. For each night of your stay, one among the below activities is considered complimentary, with the exception of "Cheesemaking", "Horseback Riding", "Beekeeping" and "Cooking Classes".

Activity guide /NATURE

WILDLIFE TOUR

In search of wolves and deer. Over 1,000 hectares of land to explore together with our guides, in search of rare plants, protected animals and secular trees. At 1,100 meters high, as the daylight changes and the eyes learn to recognize its nuances, the breath takes the rhythm of the forest and the intensity of the air. Our tours are steps, silences, listening, contemplation in total respect of nature. And if you are lucky, you can meet deer and wolves. We will walk together some of the paths along which this predator usually goes in search of prey. We will look for the signs and traces of his presence and will deepen his extraordinary social life by walking along the paths and watch some videos taken by the camera traps placed in Oasi.

FORAGING

Foraging is a very pleasant experience, dedicated to all in-residents, and ideal for children. It includes a visit to our vegetable gardens and a walk into the woods searching for seasonal berries and plants. Foraging is the ancient practice of gathering wild products for food or medicine, that for our ancestors was simply a way of life. Today it helps us building a greater awareness of one's surrounding and the need to slow down.

BUSHCRAFT

Building an emergency shelter, filtering river water to make it safely drinkable, starting a fire, crafting survival tools out of what Nature has to offer, these are the survival skills that any mountain wanderer should master. The experience will start with a short walk away from the guides' base camp, to the hearth of the forest, where simple abilities are turned into essential techniques to encourage spontaneous survival attitude.

ORIENTEERING

The luxury of getting lost. A stimulating experience that encourages exploration, instinct and listening to nature, moving off road and away from everything you already know. Orienteering requires navigational skills, using a map and a compass to walk from point to point in diverse and usually unfamiliar environment whilst moving at speed. Partecipants are given a topographical map, which they will use to find orienteering flags, previously disseminated by our Geo-guides in an irregular path.

INTO THE NIGHT

We now go dark, and silence falls over. Walk for 45 minutes aided by dim flashlights through the darkest shades of the forest at night, while listening to the sound of its nocturnal fauna andflora. Our Geo-Guide will entertain you with tales of the woods and the stars above and, once reached one of the most secret area of our Reserve, the experience allows guests to truly reconnect with nature.

CHILDREN ACTIVITY

For our younger ones Oasyhotel has prepared a wealth of educational and recreational activities, ranging from seedpapermaking laboratory to short trekking in the woods searching for well-preserved animal signs. The kids will have the opportunity to learn about the Reserve and its inhabitants, as well as to get closer to nature andits benefits for both the body and the mind. The type of activity will be determined by our Geo-Guides, based on the age of the partecipants and the weather conditions.

Activity guide /SPORT

KAYAK & SUP

In the heart of the Oasis is Lake San Vito, an artificial basin with incredibly clean water. What better opportunity to enjoy a few hours of sport in the mist of silence and nature. Here, hidden by the wildest surrounding, you will practice stand up paddle and kayak sports.

Healthy, relaxing and suitable for everyone. Thanks to its calm waters, Lake San Vito is perfect for approaching these sports and putting balance and endurance to the test.

Our staff is waiting for you to accompany you on the adventure. There is no better way to admire nature than from the water's edge of your own private lake.

TENNIS

Our tennis court sits in a beautifulnatural setting. Nested in a valley slowly degrading to the lake, this courtyard provides you with the opportunity to relax and play this beautiful sport with your family and friends or our tennis teacher. Tennis balls and rackets are provided by Oasyhotel.

PATHS & TRAILS

At the top of our reserve lie 45 kilometers of well-maintained paths and trails of various grades of engagement, some more challenging than others, planned for both hikers and cyclists. Ride safely, without haste and without leaving a trace, along itineraries on a human and environmental scale, designed to allow you to savor and enjoy the wonders of nature and the traditions of our territory.

Thanks to our e-bikes with pedal assistance you will be able to spend an unforgettable day of sport with your friends or family.

GUIDED BIKE TOUR

Thanks to our e-bikes, you will be able to spend an incredible day of sport without worries, with friends, family or other bikers. The activity includes initial training to familiarize everyone with e-bikes and to explain gears and pedal assistance. Then, accompanied by the instructor, you will be able to cross the most hidden paths of the Oasis. Among the dense beech woods you will reach some of the most beautiful viewpoints of the territory, with wide views of the Tuscan-Emilian Apennines and the limestone peaks of the Apuan Alps. Bike mindfully.

Activity guide / RELAX

MASSAGES & TREATMENTS

At Oasyhotel we display two comfortable massage cabins as well as an open-air wooden platform for treatments in the forest. The massage begins with the choice of the element (Water, Earth, Air and Sun) most suitable to the expectations in order to define an ideal treatment and a specific touch. Earth, connective tissue massage; Water, lymphatic drainage

massage; Air, myofascial massage; Sun, sport massage.

Wellness treatments vary from physical exercises and stretching to incentive deep breathing, to reflexology and forest path, regenerating body health and the whole physical balance.

INTO THE FOREST

As it is widely known, thanks to modern scientific research, plants release molecules that are extremely beneficial to human beings, called phytoncides. These are anti-pathogenic substances that bring the parasympathetic nervous system to relax, as well as increasing the activity of the immune system. The WWF Nature Reserve surrounding Oasyhotel is the ideal setting for our new Forest Path. The offer includes a 20 minutes walk inside the woodland near the lake, along with our therapist to assist with physical exercise and stretching, and to incentive deep breathing. Once you have become one with nature, the therapist will proceed with 30 minutes pre-massage ritual including reflexology, herbal wraps, and relaxing teas. A final 50 minutes open air massage will complete the experience. This wellness activity, lasting over 2 hours, is conceived to regenerate the body health, and the whole physical balance.

YOGA

Breathing becomes deep, slow and controlled. Movements regain balance and precision, allowing you to focus on yourself, in a mindful way. Practicing outdoor yoga and meditation, where the air is thin, invites the mind and the body to follow the rhythms of nature. It means becoming part of everything, enjoying the here and now. After reaching our open air stretching deck, together with our yogi instructor, you will relish the sunrise or sunset outdoors to enjoy the benefits of meditation in a natural environment that has the advantage of providing tranquility, beauty and silence. Contact with nature can help us awaken our human and spiritual potential.

SWIMMING

Beside sunbathing and kayaking around, at the lake it is also possible to enjoy a peaceful and invigorating swim inside our lakeshore bio- swimming pool. The floating wooden structure of the pool channels the chill and clear water of the lake in a controlled and regularly sanitized space, permitting our guests an unusual but safe swimming experience. Access to the swimming pool is strictly permitted only in presence of a life guard.

Activity guide /EXTRA

The following activities are not included in your stay and require at least one-week reservation prior actual date in order to be made available. Refer to the Concierge Team for any question or assistance in booking one of the followings.

BEEKEEPING

Being the latest addition to Oasyhotel's range of entertainment, this activity mirrors our sustainability plan and total care of the environment. Beekeeping will introduce you to the complex and marvelous world of these delicate and fundamental insects, essential in maintaining the critical balance of our planet. Gabriele, the bee-keeper, is a passionate young man always proud to show the extraordinary world of bees and introduce you to a day in the life of their keepings.

COOKING CLASS

Set within an old farm, our cooking classes provide much more than simple cooking, by embracing Italian traditions and contemporary techniques, designed to be both fun and educational. Focusing on self-sourced ingredients, it offers a variety of workshops ideal to both Chef-to-be and food lovers. Three different themes to meet several expectations of cooking lessons: Fresh Pasta; Traditional Tuscan Cuisine; Pastry. The chef will provide all recipes and kitchen tools to aid and enhance your natural skills.

HORSEBACK RIDING

Riding our horses, we will savor the beauty of moving slowly inside the Reserve, with its dense forests and fern hills. This activity is a beautiful opportunity to cross some of the most fascinating and hidden trails of the Tuscan Apennines.

After a brief evaluation of your expertise by our instructors the activity will move inside the forest and off the beaten tracks. During this adventure you will discover some of the most exclusive locations of the Reserve and bond with your trusted steed.

It is also possible to upgrade the experience with a tasty picnic. This activity is reserved for already expert riders over 14 years of age.

CHEESEMAKING

Oasyhotel is part of Oasi Dynamo Farm. Within the Oasi we breed Limousine cattle, produce milk and dairy products, and offer up a wide variety of cheeses, ricotta and yogurt. After a short walk away from the Hotel, you will reach our cheese factory. A unique opportunity to have fun, participating in our activity "from milk to cheese", a guided tour to learn about our animals and to discover together how to make cheese. Particularly suited for families and children, the activity also includes a visit to our stables.

Activity guide /EXTRA

oasyhotel

Our privileged location allows to watch a wonderful night sky. As a consequence, Astronomitaly has recognized Oasyhotel as "**Best Astrotourism Destinations ITALY** – **Gold**" for our commitment to the protection and enhancement of the celestial heritage, as well as for the hospitality services we guarantee to travellers. We offer the following menu:
